FIVE - FIREMEN ARE RECENT WORK INJURED IN POLI BUILDING

Blaze in Basement of New Haven Theatre and Smoke se Dense That Eleven Firemen Were Overcome.

(Special from United Press.) New Haven, May 20.—Five firementer in the hospital here today suffering from slight injuries sustained in a fire last night which gutted the baseent of the old S. Z. Poli building pled by J. A. Notkins' drug store, cocupled by J. A. Notkins drug store, the Modern Clothing Company, and the Bijou Theatre. The blaze started in the basement about 7 o'clock from some unknown cause and it was sometime before the firemen could reach it owing to the dense smoke. Eleven firemen were overcome and had to be removed to the outside where some recovered and others were taken to the hospital. The firemen succeeded in confining the flames to the basement but the loss will amount to between \$7,000 and \$8,000.

New Method of Suspending Ballery Elements.

Among the recent patents of local interest issued by the United States Patent Office, which promize to be of practical value, may be mentioned the following that were issued through the efforts of patent attorneys, Chamberlain & Newman, of this City.

A Fire Hose Carrier, invented and perfected by Harvey L. Jenkins, En-

VALE PROFESSOR SAYS HYPNOTIZED PATIENT RECOVERED MEMORY

New Haven, May 20.—The statement is made at Grace Hospital that Prof. Allen Diefendorf of the Yale Medical School had succeeded in taking Charles Van Osten, the Grace Hospital patient, through New York city while hypnotised, and that Van Osten had shown him the scenes previously described while in a hypnotic state. Before the trip began Van Osten was hynotized by Dr. Diefendorf, and he was asked to go to his former homes on Forty-second and Twenty-second streets. Van Osten made a bee line through the streets to the ad-

homes on Forty-second and Twenty-second streets. Van Osten made a bee line through the streets to the addresses he had repeatedly given in previous hypnotic examinations. When he found strangers living in them he showed grief and consternation at not finding his wife and child.

Van Osten had told in his previous examinations, of many of his friends having been in the Slocum disaster. He was deeply touched by the sight of the Slocum monument and wept profusely.

of the Slocum monument and wept profusely.

Van Osten suddenly disappeared from the city last week, and the Grace Hospital officials have been bitterly attacked by New Haven newspapers for not supplying attendants to prevent his escape. It is thought that he has wandered back to his old haunts in New York city in an attempt to find his wife and family.

Dr. Diefendorf made his first statement regarding the case yesterday, saying the diagnosis indicates that Van Osten is clearly a victim of multiple personality.

Van Osten is clearly a victim of multiple personality.

The hospital officials and Dr. Diefendorf insist that Van Osten is not shamming, and that his case presents an opportunity to study rare phases of multiple personality, induced by heavy blows on the head. They say that treatment in future cases of mental disturbance arising from cranial blows may be largely influenced by discoveries made in this case.

A Little Bedbug on Your Pillow Mr. Schoenmehl for the manufacture patented improvements.

is not a pleasant discovery. It may mean a number of them, ready stand for them, the bites can of Presto Killer will clean any bed effectually. Only 25c.

Miss Alice friends he already has in Grange of a train which killed a Mexican near Agua Callenta, reached here safely to-day desaudiences attest their universal favor at each performance, and adding the safely to-day desaudiences attest their universal favor at each performance, and adding the safely to-day desaudiences attest their universal favor at each performance. Miss Alice friends he already has in Grange of the whole killed a Mexican near Agua Callenta at each performance, and adding the safely to-day desaudiences attended here. perfected by Harvey L. Jenkins, En-gineer of No. 7 Engine Company. The in the feminine leads. She has the part of Georgiana Carley, the role created by Maxine Elliott. The new leading man Mr. John Ince is becomstructed so as to permit a hose to be readily picked up and carried by a fireman, besides serving as a support for the same when used upon a ladder. Mr. Jenkins being a practical fireman not only saw the necessity of a carrier of this kind, but succeeded in devaloring one that meets the require. ing more popular at each performance. The general make-up of the company is eminently satisfactory. "Her Own Way" the initial production of the stock season is intensely interesting developing one that meets the requirements of fire departments in every respect. He is negotiating with one of the West End manufacturers for the manufacture and sale of the hose carrier.

SIDCK season is interesting and possesses much dramatic finish. There is little reason to doubt from the first performances that this season's stock will be the most popular and naturally the most successful in the history of Poli's. the history of Poli's.

some note, has just secured a patent upon a flush hinge which is especially well adapted for sewing and wiring machine cabinets, hatchway doors and the like, being constructed in such a way as to form no knuckles or other obstructions upon the top side when the hinge is spread, but lies perfectly flush with the surface of the wood to which it is attached. This device has been placed by Mr. Wheat, through Mr. Newman, with The Ives Mfg. Corporation of this city who are already in position to put them on the market in quantities.

Frank E. Vandercook's sheet metal Announcement is made of a spe chrysanthemum matinee for next Satchrysanthemum matinee for next Sat-urday when every lady patron attend-ing will receive a handsome souvenir in the shape of a scented chrysanthe-mum. In addition the entire company will hold a reception on the stage at which the lady and children patrons will be cordially received. This will be the first connectunity afforded for will be cordially received. This will be the first opportunity afforded for the patrons of the people's playhouse to personally greet the members of the

Next Monday afternoon will start distribution of coupons for a drawing of a handsome solid gold and genuine diamond bracelet to be awarded to some lucky lady on Monday, May 31 at the matinee performance. Coupons will be given at the door at each perdaments with the matinee performance with the matinee performance with the matinee performance. The pictures change again to-more next week commencing with formance next week commencing with Monday's matinee. These coupons will be torn in two, one half being retainbe torn in two, one half being retained by the patron and the other placed in a locked ticket box. At the Monday matinee on May 31 a child from the audience will select a check and the holder of the ticket bearing the corresponding number will receive the handsome bracelet. The jewel is solid gold link set with seven diamonds and will be probably the most expensive present ever given over the footlights. The only stipulation made is that "the holder" of the lucky coupon must be present in the theatre when the drawing takes place on Monday, May 31.

granted six patents on battery ele-ment supports such as are used in forming compressed oxide of copper It is announced that the production for next week will be that sensation of the century, the dramatic fantasy "The Road to Yesterday." The plece will be given as originally produced with a wealth of scenic and costume effects. "The Road to Yesterday" had the longest run of any dramatic production in New York last season. It will be found to be one of the most absorbingly interesting stems. absorbingly interesting stage stories ever presented in this city.

SMITH'S

To-morrow evening, about 8:20, th contestants for the \$50 prize offered by the Apollo Brothers, to whoever will the Apollo Brothers, to whoever will pick up that 350-pound bag of sand and carry it from the stage, will attempt the feat, and should any one succeed, he will at once be handed the money by a committee which will be selected from among the audience. Some people think that this feat is a trick: those who hold that opinion should take hold of that little bag, and they will find it one of the most reathey will find it one of the most realistic fakes that they have ever run up against. The gymnastic and ath-letic act of the Apollo Brothers is cer-

Constipation Should not be neglected.

It leads to more serious troubles. It shows that the important functions of the liver are imperfectly performed. The best medicine to take for it is the mild sentia and remain venerable catherite. Hood's Pills C.I. Rood Co.

tainly a clever one, and the way in which they juggle heavy weights is simply wonderful. Yet they are but a part of the big show which is given this week, for there are four other has done much of his work there. part of the big show which is given this week, for there are four other turns, all of them of the first quality, and guaranteed to give any one an afternoon or evening of real pleasure, but at the very lowest minimum of cost, only ten cents. ENGINEER ESCAPES MEXICAN

The Three Luby Sisters are dainty dancers, and dress their act with sev-eral quick changes of handsome cos-

without the burlesque which is so often the case, and which makes the usual tramp act so tedious. Mr. Alexander's work is very pleasing, and he train immediately after the accident gets hearty applause at every perform-

Another act which is making a big success this week is the comedy sketch of Zinell & Boutelle, which is entitled "237 Miles to New York," and in which Mr. Zinell appears as a broken down and stranded actor, while Miss Boutelle is an operatic singer who has also met with hard luck on the road. Miss Boutelle's charming stage presence and beautiful voice have won for her much approhation during her stay her much approbation during her stay here, and her songs are heard at every performance with every demonstration of pleasure. Mr. Zinell is a clever comedian, and his splendid bass voice is heard to excellent satisfaction.

Pat Touhey, with his Irish pipes Charles Burke, with his Irish pipes; Charles Burke, with his droll Irish character, and the two ladies of the company, make of "The Birthday Party" a sketch which is extremely enjoyable. This is one of the leading features of the entire bill, and they are nightly greeted the a most friendly

row, when a series of views of excep-tional value is promised. There are daily afternoon and evening perform-ances, that of the afternoon beginning ances, that of the atternoon beginning at 2:15, and the evening performances at 7:15, runing continuously until 10:30. The price of admission, afternoon and evening is very small, only ten cents, and certainly every one will appreciate the high quality of the attractions oftend for that small amount. fered for that small amount.

OZONE POWDER, large

Senator Bailey Sore on Johnson

Washington, May 20.-Senator Bailey of Texas, one of the most prominent Democrats in the Senate, has delivered Democrats in the Senate, has delivered a bitter arraignment of Gov. Johnson of Minnesota, one of the Democratic Presidential aspirants in the last cam-paigh. The Governor's published statement concerning the split in the Democratic party, he said, was "20 utterly reckless as to show Gov. John-son outling a mountly of any bloke. son entirely unworthy of any office." His bitter speech calle Senator Hale the reply that he thought the split in both parties had been ex-aggerated, and he predicted that when Tariff bill came up for final passage, carrying, as he said it would, many "material reductions", it would be passed by practically a party vote.

Sculptor Wedded At Short Beach

New York, May 20.—Gutzon Borglum, sculptor, and Miss Mary Montgomery, daughter of Mrs. Mary Montgomery, of New Haven, were married
yesterday at the home of the Rev.
Marshall Montgomery, brother of the
bride, in Short Beach, Conn. The
wedding was witnessed by only the
near relatives and friends of the bride
and bridegroom.

Mrs. Borglum is a graduate of Wellesley and has the degree of Doctor of
Philosophy of the University of Berlln. She is a scholar and Assyrlologist
